# GROW High-Impact Tutoring by Paper

Leading high-impact tutoring provider with proven research-backed instruction

## Accelerate New York City Student Math Proficiency for Grades 6-8

Paper's GROW high-impact tutoring program is outcome-focused, built on instructional design excellence, and delivers personalized support to help students succeed.

- **Next Generation Learning Standards**-aligned curriculum designed by high-impact tutoring experts in partnership with NYCPS to meet state math pacing and standards
- **Real-time progress reports** and weekly assessments provide actionable insights to teachers and make it easy for administrators to share results
- **Consistent trained expert tutors** lead targeted, small group, live virtual instruction (1:3, 1:4 tutor-student ratios), building trust and driving 80%+ student attendance rates
- **High dosage instruction** with 3 sessions, 90 minutes total per week, customizable to meet school schedule and needs

### Real measurable outcomes

**201% increase<sup>1</sup>** in math grade-level proficiency for GROW high-impact tutoring students

**78% of students<sup>2</sup>** in GROW programs feeling confidence in solving problems independently

**3.3x increase<sup>3</sup>** in GROW students reaching state assessment grade-level proficiency
